

Key Features:

- UV resistant
- Highly flexible – ease of handling
- Abrasion and kink resistance
- Ultra smooth liner ensuring water flow performance
- Resistant to repeated pulling, bending, crushing

Application examples:

- Agriculture
- Horticulture – Fruit, Vegetable growers
- Garden Centres, Nurseries
- Golf clubs
- Landscaping
- Water delivery for industry, construction, public authorities & general gardening purposes

Available Coil Lengths		
25m	50m	100m

AQF Series

Aquaflex®, an outstanding all-terrain UV resistant irrigation hose that delivers exceptional durability, flexibility and water flow performance.

Manufactured in the UK, Aquaflex® kink resistant water hose is the ideal heavy-duty choice for all irrigation purposes, as well as for water supply and delivery applications.

The multi-layered construction of Aquaflex®, using custom formulated materials and our exclusive high tensile braiding reinforcement technology, delivers superior flexibility and resilience in all weather conditions, ensuring performance levels that exceed those of comparable products in the professional hose market.
